# INDUSTRIES WE CATER

---

## Paint Industry

Oleo chemicals are amongst the important raw materials, additives, for aiding the production of paints, capable of having a profound effect in these preparations.

## Bio Diesel Industry

The production of fatty acid methyl esters for use as biodiesel is expanding all around the world.

## Pharmaceutical Industry

In the pharmaceutical and nutraceutical industry, oleochemicals can be used as preservatives, thickening agents and emollients.

## Petrochemical Industry

Oleochemicals can be used as a substitute for petroleum-based products known as petrochemicals.

## Resins & Plastics Industry

Our products are manifold, from process aids, flow aids and mould release aids in Rubbers and Plastics, to hydrophobic agents in Construction products.

## Other Industries

Other industries in which oleochemicals are widely used are:-

**SPECIALITY CHEMICALS • FOOD ORGANICS • COSMETIC INDUSTRY • HOUSEHOLDS  
AND INDUSTRIAL CLEANING**

# WE OFFER GREAT QUALITY PRODUCTS IN COMPETITIVE PRICE.

In a short span of less than a year, we have been able to carve a niche for ourselves and we are now extending our vision further to other raw materials available in India including Soya, Sunflower, Groundnut and other oil seed suitable for Oleochemicals Industry. Because of professional approach, price competitiveness, consistent product quality and timely delivery.

## OUR PRODUCTS

Oleic Acid	Distilled Fatty Acids
Poultry Oil	Packaging Products
Paper Chemicals	Lamp Oil
Paint Chemicals	Tile Adhesive
Epoxy Grout	PEG-400 Monooleate
Cutting Oil	

# ABOUT US

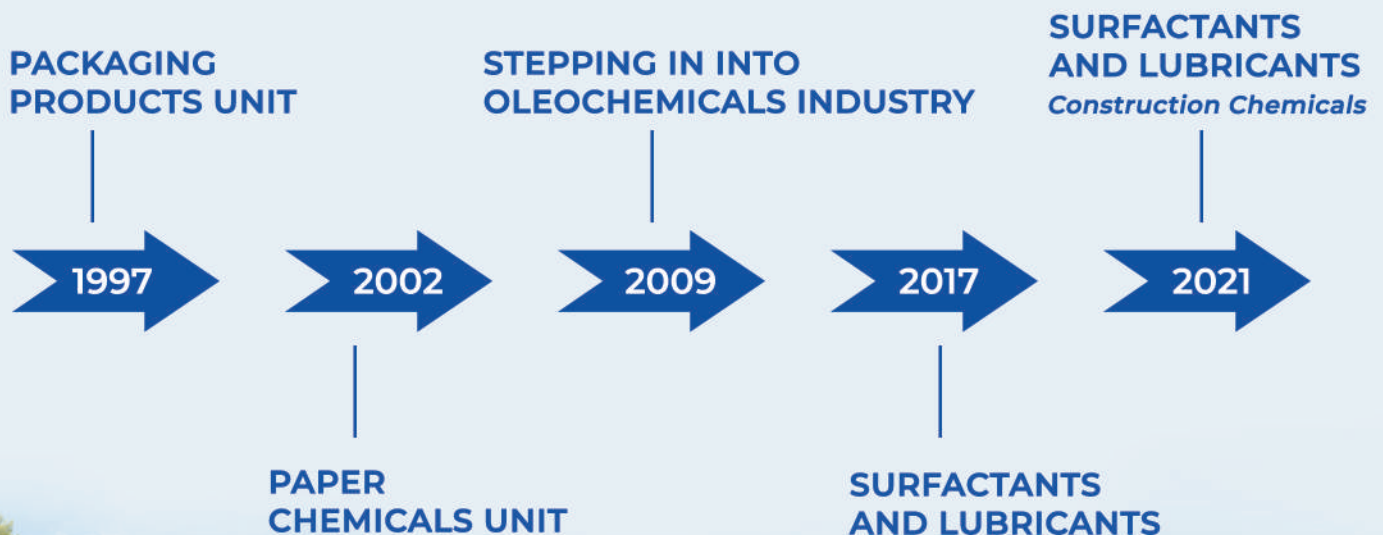

## CONCERTED EFFORTS TO BUILD BETTER.

**We are globalised, multi-national oleochemical suppliers in India.**

We are one of the leading producers of oleochemicals, crop extracts, essential oils and packaging products. The organization started its journey in the year 2012 with trading of chemicals required in various industries and recently ventured into extraction of various organic chemicals from industrial gums and leftovers & manufacturing of packaging products with eco-friendly technology.
